

## Press Release

# HOCHTIEF expands Prague metro for EUR 540 million

HOCHTIEF and its partners are to expand the Prague metro. For Line D in the south of the Czech capital, HOCHTIEF is building two approximately 33-meter-deep metro stations and a 1.2-kilometer tunnel section as a first step. The volume of the contract awarded by the Municipal Transport Authority in total is around EUR 540 million. The HOCHTIEF share amounts to EUR 138 million.

HOCHTIEF is pleased to make a contribution to people and the environment by expanding public transportation. In the Czech Republic, the Group has already been involved in the construction of several metro lines and will realize the new project together with Subterra and Strabag.

**HOCHTIEF** is an engineering-led global infrastructure group with leading positions across its core activities of construction, services and concessions/public-private partnerships (PPP) focused on Australia, North America and Europe. With around 47,000 employees and a sales volume of about EUR 24 billion in 2020, HOCHTIEF's global presence is focused on developed markets. Via CIMIC, the Group is market leader in Australia. In the USA, HOCHTIEF is the No. 1 general builder via Turner. Flatiron ranks among the most important players in the field of civil works, mainly in transportation infrastructure. HOCHTIEF owns a 20% stake in Abertis, the leading international toll road operator. Thanks to its commitment to sustainability, HOCHTIEF has been listed in the Dow Jones Sustainability Indexes since 2006.
